MOUNTING SYSTEM FOR FLYING, FEATHER & WING BANNERS

Expand a Sign has developed a unique banner mounting system which offers versatility and value. The stronger, lighter aluminium pin is removeable and can be used in the ground stake as well as in a central hub as part of a folding base or wall mount.
*Base legs can be filled with water or sand. There are 8 components which can be mixed and matched for a variety of indoor and outdoor, temporary and permanent mounting options.

A wide range of mounting options can be ordered separately. Bases, Stands and Water Weight Bladders are available for our Banners and Gazebos.
