

WING BANNERS

Wing Banners are great for indoor and outdoor use and are available in a range of sizes.

The Wing Banner can be used individually or along side other wing banners. The innovative rotating mechanism of the stand allows these banners to feather out in the wind. Wing Banners are available in our uniquely engineered fabric to give the option of single or true double sided.

The complete unit is supplied in a carry bag with a pole set.

**DOUBLE
OR
SINGLE
SIDED**
